

We Love MATERIALS

The high quality of our products comes from the raw material used, but not just that. Over the years, we have embellished polyethylene with unique processing and innovative accessories.

STANDARD POLYETHYLENE

The raw material that represents us best: 100% recyclable low-density polyethylene, which in several colours is completely made from recycled plastic. Our 13 standard colours range from the brightest to more neutral ones, so they suit every need.

LIGHTING POLYETHYLENE

Warm colours and inviting atmospheres: our bright colours let the light from the bulb inside shine evenly. Light White and Light Vanilla are perfect for indoors and outdoors, while the other colours are exclusively for indoor environments.

SPECIAL LIGHTING FINISHING

To make our lamps more precious, we offer many different processes. With a mulberry paper or marble effect, special lighting finishes embellish some of our products. Special finishes cover the entire surface of the product, adding soft lighting effects.

SOFT POLYURETHANE

Our soft polyurethane products are comfortable, perfect for outdoors, and easy to maintain and clean. They are also fireproof and certified in class 1.

Featuring simple or more extravagant shapes, our soft polyurethane products offer a comfortable seat and many different colours.

TEXTILE

Seats become increasingly comfortable, without sacrificing any quality: in fact, some of our products have soft cushions covered in waterproof fabric or faux leather. Removable and machine-washable, they help you to relax more outdoors.
